Art Unit: 1763

1. The previous election of the apparatus claims by applicant is acknowledged. The method claims (i.e.-claims 33-48) are withdrawn from further consideration by the examiner. As previously explained to applicant's attorney by examiner Parviz Hassanzadeh, the SPE of art unit 1763, further election of species is necessary at this time in order to transfer this case to the appropriate art unit for examination of the apparatus claims since these claims are not examinable by this art unit. Also, the examiner is sending out a written restriction requirement in response to applicant's attorney's request that he do such.

2. This application contains claims directed to the following patentably distinct species:

- a micro-lens (i.e.-claims 1-11, and 26-32) ; and

- an imager (i.e.-claims 12-25)

The species are independent or distinct because the micro-lens is classified in class 359 subclass 619 (+); and the imager is classified in class 257 subclass 432. The micro-lens claims are examined in either art unit 2872 or art unit 2873, and the imager is examined in art unit 2811. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claims are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added.

Art Unit: 1763

An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
